

# **Cub Scout Nature Crafts and Outdoor Activities**

## **Wolf Arrow Electives (8 year olds – 2nd grade)**

Acorn Naturalists specializes in resources that enhance Cub Scout experiences, including nature crafts, campfire activities, outdoor skill development, nature lore knowledge, camp nature craft activity kits, and many other fun resources for scout patch and award programs. Cub Scouts, patrol leaders and outdoor education and service leaders are encouraged to visit our online or “bricks and mortar” store, each filled with activities that supplement Cub Scout programs. Watch interest in nature and outdoor education grow while your scouts enjoy the great outdoors, all the while earning their scout patches and awards.

The resources listed below can easily be found on the Acorn Naturalists website. When visiting [acornnaturalists.com](http://acornnaturalists.com) simply type in all or part of resource name (or product # as shown within parentheses) into the search field located on every web page. You can then easily order online using our secure order form, or simply call us directly at (800) 422-8886. If you are in the area, visit us in person at our store (155 El Camino Real, Tustin, California 92780), or call to request our 200 page print catalog describing over 8000 hands-on education resources. We look forward to helping Cub Scouts achieve a high level of adventure, education and outdoor learning while developing valuable skills and, of course, having a lot of fun.

This resource list has been developed by educators familiar with Cub Scout handbooks, merit badges and award requirements, and is offered to enhance and enrich Cub Scout education activities described therein. Specific learning resources should be selected based on local environments and interests as they complement official Cub Scout programs, projects, patches, awards and activities.
